Schuylerville, NY 12871  
S/B/L 182.-2-29 Rural**

Applicant seeks a side setback variance of 71' to use the newly located haul road for his proposed mining operation. The road is located on the east side of the pond, between the pond and his house, and crosses the property line of the owners parcel with the house. This is located at 182 Co. Rd. 69. The Applicant is also seeking a special use permit for a sand mining operation through the Planning Board and they have denied the application because he needs a variance for said road. The Planning Board is awaiting a letter from NYS DEC approving location of said road; though they have received a letter approving the conceptual idea of the road to date.
