IMPROVE THE TOWN OF SARATOGA'S INTERNET SERVICE

broadband mapping survey and speed test can be found at:

<https://www.governor.ny.gov/news/governor-hochul-announces-launch-mapping-survey-examine-quality-and-availability-broadband>

HELP CREATETHEMAP

Two options: 1.) Take speed test followed by survey 2.) take survey only.

Test measures both upload and download speeds from your current location. There is no personally identifiable information associated with this test.

BEST CHOICE: Take speed test and survey; speed test gives critical information as related to internet service. Survey will be helpful to know your internet provider, cost of internet and the speed you pay for.

Offered in both English and Spanish

Broadband Mapping Consumer Survey to assist in New York's first-ever in-depth statewide mapping study of broadband to identify the availability, reliability and cost of high-speed broadband services across the state. Correctly gauging the prevalence and reach of broadband service has been a challenge.

"High-speed internet is the great equalizer in today's world because it is essential in accessing basic services and information that we all need in our daily lives," Governor Hochul said. "With this groundbreaking study, we will help ensure that every part of the state — regardless of geographical and economic factors — has access to high-speed broadband."

Information provided by Town of Saratoga, Council
